Mission Statement

The mission of the Eire Society of Boston is to promote the knowledge of Irish culture through the encouragement of study in the arts, sciences, literature, language and the history of Ireland, and to raise awareness of the contributions to civilization made by the Irish and those of Irish ancestry.

Our organization is non-political and non-sectarian, which throughout our history has welcomed people who share our goals, regardless of race, religion and ethnicity.

Through the time and effort of our dedicated members, we have hosted nearly a thousand lectures, screenings, opening nights, and receptions. The Eire Society has cooperated with seven decades of Irish consular and diplomatic missions and given our support to numerous organizations including Irish hospitals, educational ventures, ecumenical and peace-seeking projects, and creative enterprises.

We look forward to continuing our long legacy and our mission of spreading the knowledge of Irish history and culture.
